

BANDITS BRAND CAPTIVES "V. C."

Initials of Carranza Are Declared by Villistas Mark of Traitorism.

Confirmation of a report from western Chihuahua that Villa bandits were branding all captured Carranza soldiers with the letters "V. C." for "Venustiano Carranza," was received here Tuesday.

Suffer From Piles

no matter how long or how bad—go to your drugist today and get a 50 cent box of Pyramid Pile Treatment. It will give quick relief, and a single box often cures. A trial package mailed free in plain wrapper if you send us coupon below.

TURN GRAY HAIRS Mildly and Healthfully

Mary T. Goldman's Gray Hair Color Restorer is the original preparation for safely and quickly restoring the natural color to gray, faded and bleached hair in a few days. Leaves the hair clean, fluffy and natural.

Free Trial Package and special comb. Text it on a lock of hair. This test will prove more than anything we could say in an advertisement. Write now and we will tell the original color before it turned gray. Was it black, dark brown, medium brown or light brown? Regular \$1.00 size at your drugist's, or I will fill your order direct. Cheaper imitations, not being able to imitate the preparation itself, have copied our labels almost word for word. To be safe and sure, remember the name, Mary T. Goldman, Goldman Bldg., St. Paul, Minn.

Wash Away Skin Sores

To the many sufferers of skin diseases D. D. D. the liquid wash, has become a household word. They know it is reliable and they can depend on it to their neighbors. It has proved itself a remarkable remedy for all forms of Eczema. It is a germicide that is harmless to the most delicate skin, but still it is effective and quick in action. If you are a sufferer from skin disease, including eczema, pimples, scales, crust or Bozema in any form, this remedy will not disappoint you. It has stood the test and today is the market preparation for all skin diseases.

Come in today and ask about our guarantee on D. D. D. Also about D. D. D. Soap, that keeps the skin healthy.

D. D. D. For 15 Years the Standard Skin Remedy

Kelly & Pollard, Drugists.

MAYR'S WONDERFUL REMEDY FOR STOMACH TROUBLE

ONE DOSE WILL CONVINCE

day from a refugee who arrived from Chihuahua City Monday night, according to government agents.

The refugee, who had fled to Chihuahua City from Santa Rosalia, said Villa had announced his intention of branding all Carranza soldiers in this way as traitors because they did not drive out the "foreign invaders" during the American punitive expedition.

Customs guards have been appointed in Juarez to take the place of those who were dismissed and discharged Saturday.

It was announced in Juarez Tuesday that the telephone line is in operation as far south as Torreon.

SAYS U. S. ACTION NOT AUTHORIZED

Mexico Informed Washington not Instructed to Send Protest for Britain.

BY ASSOCIATED PRESS.

Mexico City, Mex., Nov. 14.—A note from the British government, presented to the foreign ministry Monday by consul general Thurston, the diplomatic representative here in the absence of Thomas R. Hohler, charge d'affaires, is said to inform Mexico that the United States was not authorized to protest to Mexico recently a protest against the alleged operations of German submarines in Mexican territorial waters, communicated to the state department at Washington through the British ambassador, Sir Cecil Spring-Rice.

It is reported at the foreign office that the British note asserted that Mr. Thurston was the accredited representative of Great Britain and that any necessary representations would be made through him. It was reported also that the note declared that the communication of Sir Cecil Spring-Rice, British ambassador at Washington, to the American state department was not a matter of information to the United States only.

Charles R. Parker, the American charge d'affaires, also presented a note to the government Monday night which was said at the foreign office to deal with the same subject. Foreign minister Aguilar announced that he would make public the text of both notes tonight.

The impression prevails in official circles that the American note declares the American communication was passed on to Mexico as confidential information and was not intended for publication.

A dispatch from Mexico City said that Mexico City had been notified by the British embassy at Washington of the presence of German submarines in the Gulf of Mexico and had been warned that the entente allies would take "drastic measures" if the submarines received aid from Mexican ports or sources. Foreign minister Aguilar announced that the note had been sent through secretary of state Lansing and charge d'affaires Parker.

At the state department in Washington it was denied that a warning had been forwarded to Mexico, but that a suggestion had been offered that Mexico take precautions against a violation of her neutrality through submarine operations.

PROMOTIONS AND OTHER MICH. TROOP CHANGES

Corp. Paul M. Weaver, Machine Gun company, 21st Michigan, has been promoted to sergeant. Harold Fields and Harry B. Newman have been appointed sergeants in the regimental sanitary detachment.

SOLDIERS' BRIDES START HAPPY HOMES IN TENTS

How to have a honeymoon and be a soldier, too, has been exemplified by two Detroit guardsmen, who have constructed khaki huts for their brides within 100 feet of the troops' tents in the main camp here. The two girls have gone merrily to housekeeping in their army dovetails and apparently are as happy as any brides could be.

The brides are sisters, formerly Carmen and Elizabeth Roberts, of Detroit. The bridegroom, sergeant, is Frank J. McShane and Private Thomas Moon, company D, 21st Michigan. Carmen Roberts and Moon were the first pair married, but when sergeant McShane met Miss Elizabeth at the camp, another ceremony soon followed and the two fellow soldiers became brothers-in-law.

TWO CIVILIANS SHOT IN CLASH WITH GUARDSMEN

(Continued From Page One.)

civilians. According to the stories of the affair, an Alabamian soldier, whose name the military authorities refuse to reveal, followed by a squad of guardsmen, entered the place, declared it was to be "Alabama night," and ordered the place cleared. A quarrel followed and more than 50 shots were exchanged by the civilians and guardsmen, who sought shelter behind automobiles and other vehicles during the shooting.

PROVOST GUARDSMAN RELEASED

Leo S. Gravel, a provost guard from the 21st Michigan infantry, charged with the murder of Jesse Tapp, former soldier, last week, was released Monday upon his own recognizance by Judge Dan M. Jackson in the 34th district court. Tapp had been placed under the custody of Brandell, later breaking away from him when the shooting occurred, according to testimony brought forth at the examining trial before justice of the peace James M. Deaver last week. Brandell asserted the shooting was not intentional, and that he had shot at the ground behind Tapp to frighten him into stopping.

UNDER RELEASE OF AMERICANS

American State Department Makes Representations to Carranza Men.

Following representations made on Tuesday morning by the American state department to the Carranza government representatives in El Paso and Mexico City for immediate action to be taken in the cases of the two Americans, Benjamin Branan and Joseph Williams who are being held in the Juarez jail, both were promised liberty.

American consul Thomas D. Edwards, of Juarez, was requested to make a report on the cases of the Americans today and a message is also known to have been sent to Mexico City of a similar nature.

Fear Trial at Chihuahua

A strong effort was made to prevent the two Americans from being taken to Chihuahua City for trial, as it is feared that because of the unsettled conditions there, their lives might be lost.

Andres Garcia, inspector general of consulates for the Carranza government, went to Juarez today to hold a conference by telegraph with Gen. Gonzalez, who is in Chihuahua city, and with Gen. Trevino, about the Americans' cases.

Later Mr. Garcia announced his recommendation to Gen. Trevino, which was made during the telegraphic conference, that Williams be released on bond pending a further investigation of his case and that Branan be released from custody in Juarez. No orders have yet been received in Juarez from Gen. Trevino regarding the disposal of the cases against the Americans.

Nothing definite has been learned of William Dill, the New Orleans travel agent who disappeared from his hotel here and was reported to be in jail in Juarez. The charge against him, if he is held in Juarez, is not known.

Soldiers Of Jackson, Michigan, Are Tendered A Festival By Mayor

Mayor William Sparks, of Jackson, Mich., was long distance host to the officers and men of companies L and M, 21st Michigan infantry, at Camp Cotton Monday night. H. M. Gumper, of Jackson, acted as personal representative of Mayor Sparks, and arranged the "blow-out" for the Jackson guardsmen.

The fall festival now being held in Jackson was abandoned, the city officials decided for the occasion. A northern fall festival was given the soldier guests of the mayor. A coarse dinner consisting of pumpkin pie and doughnuts, cider and popcorn, and apples and cigarettes was provided by Mayor Sparks.

Two motion pictures of Jackson were shown at the affair. One showed the Jackson preparedness parade. The other was entitled "The Romance of Jackson."

Lieut. A. H. Hurst, of company L, acted as toastmaster. The entertainment was given by a quartet composed of members of the motor truck corps.

Mayor Sparks is a military and athletic enthusiast. He is captain of a company of zonaves in Jackson. His son, Clifford Sparks, captain of the University of Michigan football team, has been mentioned as a candidate for the all America football team by several sport writers.

PROMOTIONS AND CHANGES IN THE ARMY SERVICE

Pvt. Charles Sander, appointed corporal and assigned to office of depot quartermaster to act as chauffeur, El Paso.

Sgt. J. J. Martin, supply department, Fifth field artillery, transferred to medical department at Fort Bliss.

Pvt. Frank A. Mahr, Ohio ambulance company No. 1, transferred to company L, Fourth Ohio infantry.

Thin Folks Who Want To Get Fat

Increase in Weight Ten Pounds or More

"I'd certainly give more anything to be able to fat up a few pounds and stay that way," declares expertly eating a thin man or woman. Such a result is not impossible, despite past failures. Most thin people are victims of malnutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are, when the food is turned into blood. Instead of getting into the blood, much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can probably be accomplished by eating a Sargol tablet with every meal. Sargol is a careful combination of six splendid assimilative agents. Taken with meals, it will take the food to turn the waste and starches of what you have eaten into rich, ripe nourishment for the tissues and blood and its rapid effect has been in many cases reported remarkable. Reported gains of from five to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by A. E. Ryan and other druggists everywhere and every package contains a guarantee of weight increase or money back.

NOTE.—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Adv.

COPPER--The Maker of Millionaires

COPPER has taken its place with STEEL—the great "barometer of trade." "STEEL"—it is but a few years ago that the steel industry was turning out fortunes in America at a rate that staggers belief. COPPER—today stands supreme as the GIANT among fortune builders for all time. The new wealth which this industry has given to the world runs into figures that are simply inconceivable. COPPER has built new fortunes and MADE MILLIONAIRES at a rate that eclipses the record of STEEL. If you will refer back to the stock exchange sheets in 1915, you will note the following:

Anaconda \$49.50, now \$97.87.
Chino \$32.75, now \$64.00.
Inspiration \$16.62, now \$68.00.

This range of price covers only a little over a year. Again about three years ago United Verde Extension was being peddled—and peddled at 15¢ a share. Those 15¢ shares are now worth \$40.00 in gold. The Calumet and Hecla has distributed to its stockholders a total of \$132,000,000.

A BOOM IN THE RAY CAMP

Are you taking advantage of the Ray opportunity? A month ago the first announcements appeared in the public press of the organization of the great ARIZONA RAY COPPER property. These announcements called attention to the Ray camp. Ray Consolidated, the big fact-finding property and the investment group of the camp, was then selling at \$24.50, today's market \$29.00 bid.

RAY HERCULES, the second property in the camp, with 10,000,000 tons of ore blocked out, was selling in New York on the Curb at \$3.50, now \$5.00. Think of the percentage on this. We predict \$35.00 a share for RAY CONSOLIDATED—the camp's big dividend payer.

We predict \$7.50 for RAY HERCULES.

If you did not take advantage of our advice on these two stocks before, do so now.

ARIZONA RAY made its start at 25¢ a share, today's market is 27-7/8 bid, asked 28¢.

Last Chance to Buy Arizona Ray Before Arizona Ray Strikes the Ore

You will note from the cut the location of the churn drill, now down 140 feet. Another 60 feet should put us in ore. Note the location of the ARIZONA RAY property, adjoining the RAY CONSOLIDATED and RAY HERCULES. First churn drill is in operation on the Juarez claim; three shifts of men working. Two shifts are at work sinking a shaft on Copper Zone No. 7. The property of the ARIZONA RAY COPPER COMPANY consists of twelve claims—the company owns the claims. There is no mortgage—no indebtedness; the claims are deeded to the company.

Edmund L. Hiatt's Past Achievements Assure Big Results for Arizona Ray

The development campaign of the ARIZONA RAY property is under the direction of Mr. Edmund L. Hiatt, who, for six years, was the Chief Engineer of the RAY CONSOLIDATED, and it was during these years that RAY CONSOLIDATED was brought from a position similar to that of ARIZONA RAY to its present position as one of the great copper mines of America.

It was during these years that the RAY CONSOLIDATED blocked out with churn drills—the same method already adopted by ARIZONA RAY—more than 80,000,000 tons of copper ore.

It was during these years that Mr. Hiatt and some associates recognized the remarkable value of the property now under development by the ARIZONA RAY.

It was during these years that Mr. Hiatt gained the knowledge that enables him now to make the very positive statement: "I know what I am talking about when I say that the ore in these claims is an extension of the RAY CONSOLIDATED and RAY HERCULES ore bodies."

ARIZONA RAY is listed on the Los Angeles and San Francisco Exchanges—it is an active trader. We predict higher prices for this stock—not in the distant future, but now, TOMORROW.

We believe that ARIZONA RAY will go to \$1.00 a share when the news comes that the ore body is reached. That news will not come in the near future—it may come tomorrow or the next day—surely this week.

Place your orders with your own broker or with us. Use the wires, for tomorrow ARIZONA RAY should sell higher.

CUT THIS OUT

Free colored map of Arizona copper camps. This map is now on the press and will be ready for mailing in a few days—shows the location of all the famous copper districts of the State and contains valuable information from United States Geological Survey, designating the mineral-bearing territory in colors.

Send your name and address at once for this map, which will be mailed you as soon as off the press—only a limited issue, absolutely free.

CRITICISES CONDITIONS IN GUARD CAMPS ON BORDER

New York, Nov. 14.—"Conditions on the border are not such that a gentleman of my calling, I believe, would be unwilling to accept a chaplain's commission," said Dr. S. P. Carman, Brooklyn pastor, addressing a meeting of clergymen here Monday. Dr. Carman went to the border as chaplain of the 23rd New York infantry.

There should be a higher standard of chaplains in the army," he continued, "and weekly attendance of soldiers at divine service should be a matter of discipline and army regulations."

1500 CAVALRYMEN ON HIKE

Fifteen hundred men of the 17th cavalry, under command of Col. W. A. Halbrook, left Fort Bliss this morning on a ten day hike north into New Mexico. One of the purposes of the hike is to test transportation facilities.

RAILROAD MANAGERS AND UNIONS MAY AGAIN ARGUE

New York, Nov. 14.—The managers' committee of the railroads, following the breaking off Monday of its conference with the brotherhood heads on the application of the Adamson eight-hour law, continued deliberations alone today in executive session.

Nothing was announced as to whether there would be another conference between the managers and the brotherhood representatives, but it was reported that they might be together in Washington some time during the week when the congressional hearing on the law begins.

FOUR AUTOISTS FINED

Four automobileists Monday were fined \$5 and costs each for speeding by justice of the peace J. J. Murphy. They were R. F. Wilder, F. L. Sartorius, F. A. Soto and D. W. Rakestraw.

Indoor Life Makes Fat

TRY OIL OF KOREIN TO KEEP WEIGHT DOWN, OR TO REDUCE SUPERFLUOUS

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stress, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess weight. Any persons who are satisfied in their own mind that they are too stout are advised to go to Kelly & Pollard or the People's Drug Store and get a box of oil of Korea capsules, and take one after each meal and one just before retiring at night.

Even a few days treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy, footsteps become lighter and the skin less flabby. The appearance of a superfluous fat disappears.

Oil of Korea is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial—Kelly & Pollard, The People's Drug Store can supply you.—Adv.
